ECO-FRIENDLY PET CREMATION

The eco-friendly
professional and
compassionate after care
service to honour your
faithful companion

 0422 953 789

 Based in Warrnambool, Vic

 wecare@restingwaters.com.au

 www.restingwaters.com.au

We can't imagine a life without the comfort of animals, which is why we're committed to a dignified end of life process for every pet that comes into our care

Resting Waters is owned and operated by a family of dedicated pet lovers.

The loss of a pet can be truly heartbreaking. We know first hand what a difficult time this can be, which is why we are committed to delivering a compassionate service to assist families through their grief.

**All
creatures
great and
small**

Resting Waters can cremate all pets, from very small birds, fish and reptiles to goats and alpacas.

OUR SERVICES

- 🐾 Private cremation for every pet
- 🐾 Compassionate, dignified mortuary care by fully trained staff
- 🐾 Collection of keepsakes such as fur, feathers, scales and paw prints
- 🐾 Return of your pets ashes in an urn of your choice with a cremation certificate

ADDITIONAL SERVICES

Home collection

We give families (including other pets) an opportunity to say goodbye in their own time and to meet our mortuary staff who will be caring for their pet.

Exhumation service

Sometimes pets have been buried and their family need to move and wish to take their beloved pet with them. We can carefully and respectfully exhume their body for cremation and return them in an urn of your choice.

Paws heart keyring

Holds token ash
Can have pets name stamped on back of heart

7 Step Quality Assurance

STEP 1

Booking and ID Creation

We receive your booking and create a unique identity tag to follow your pet through their cremation journey.

STEP 2

Collection of your pet

Your pet is collected from your vet clinic, home or other location and is scanned for a microchip, which is noted on their booking form and used as a secondary identifier.

STEP 3

Confirm details

If your booking was through the vet clinic we will contact you to confirm all of your pet's details and discuss the various options for urns and keepsakes.

STEP 4

Keepsake Creation

Keepsakes such as ink or clay prints are created and fur, feathers or scales are collected prior to cremation.

STEP 5

Cremation

Your pet's ID tag is checked and they are placed in their own sealed chamber for cremation. Their ID and chamber number are noted on our cremation form to ensure that we know exactly where each pet is located throughout the process.

STEP 6

Completion of process

Your pet's ID is checked again and their bone remains are cremulated to create ash and placed in the urn of your choice. The ID tag, microchip, and keepsakes are collated and a cremation certificate is created.

STEP 7

Final checks for their journey home

One final check of the booking form, ID tag, microchip, urn and keepsake choices is performed. Your pet is then ready to be collected or returned to their vet clinic for collection.

We ensure that every step of the process is meticulously managed in a professional and respectful manner

POCKET PETS

We recognize that even tiny pets become treasured family members and specialize in cremating very small pocket pets.

CUSTOMER REVIEWS

Kind, caring and sympathetic are words I use to describe the service I received. They took great care of my Daisy for her journey through. Highly recommend this service

Claire

Caring, compassionate and personal service. I highly recommend this service to anyone who loses a beloved pet. LeAnn was lovely and showed genuine care and understanding

Cazz

Massive thank you to Leanne for her compassion & sympathy. They took great care of my Ollie and the result has me in tears, absolutely beautiful. Cannot recommend high enough. Thank you again

Paul

**Thankyou for entrusting
your beloved pet into our care.**

**We promise to look after them
as if they were our own.**
